# Newsletter for December, 2006 from Club Data

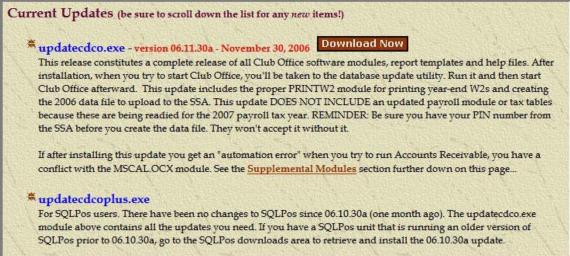

### This newsletter is sent every month to Club Office users to:

- Remind you if there is a new software update on the Clubdata.Com website
- Provide tidbits, helpful hints, and information that you may find interesting

### Software Updates:

Club Office software is being updated continuously, either to add new features or to correct situations that has been identified. It is our intention that all users on support will take the time to update their software once a month, on the first or after, so that everyone is on the "latest and greatest" version of code and can take advantage of the latest features.

The November month end software update is now on the web site ready to be downloaded from the Software Updates area. The update is for Club Office only. There are no changes for SQLPos.

### Included in the 06.11.30a update are:

- The updated PRINTW2 module is included for users who wish to print their own 2006 W2 forms. The new module produces the resulting data file that you transmit to the government in the proper format for 2006 -- the feds change the format of something inside the file every year.
- Two new budget reports have been added to the G/L module that we think you'll like.
- In A/P, when you delete an invoice, the resulting G/L journal entries are made to the same period that the G/L is currently in.

If you intend them to be in a different period, you must change them inside the G/L journal area. This solves a problem that would periodically allow a deleted invoice to create journal entries into two G/L periods, thus throwing both periods out of balance.

• COOL NEW FEATURE: When in the member / financial / current charges screen, you can select an item in the "current charges" grid and press F-5 to view a representation of a POS ticket. This ticket can be easily printed or emailed to a member.

- A new report #36 in the report generator's A/R section allows choosing any prior month and displaying a list of member balances at the start of that month. This is essentially the value of member receivables at that time.
- Minor cosmetic changes and some documentation updates.

#### View Your Club Data Statement On Line.

On line statement viewing is a convenience for your members and your staff that you may want to consider. Contact Club Data Sales for more information.

**Holiday hours:** Our office will be closed on December 25th and December 26th.

From the team at Club Data, have a tremendous holiday season.

Bill Hallberg Club Data Sales and Support 952-941-0855

A quick procedure for establishing and processing minimums-

1. Identify the G/L Accounts that apply to minimums.

Company O A/F Membership © A/F		ory OPOS OUserni		Configu	ration					E <u>x</u> it
ts Receivable Conl Access - Inquin	a <del>T</del> anan kanal					Hic	le A/R [	Departme	ent Grid	E <u>x</u> it
Access Hade	Account	ts Receivable Dep	artments							<u>M</u> odify
G/L Acct	‡ Name	Level	SC%	Tax%	Min#	Ins#	Pp#	Tot#	(▲	OK.
2403.000	Gift Certificates Payable	1	0	0	0	0	0	0		OR
3010.000	DINING ROOM	1	0.2	0.9	1	0	0	1		
3020.000	Food sales	1	0	0	0	0	0	0		
3030.000	Member dining	1	0.15	0.065	1	0	0	1		
3040.000	Non-member dining	1	0.2	0.065	0	0	0	0		
3042.000	Misc Food	1	0.2	0.065	1	0	0	1		
3044.000	Misc N/A Beverage	1	0.15	0.065	1	0	0	0

3080.000	Non-member beverage	1	0.25	0.065	0	0	0	0	-	
3120.000	Greens fees	1	0	0.065	0	0	0	2		
3122.000	Golf car fees	1	0	0.065	0	0	0	2		
3124.000	Golf Cart Program	11	0	0	0	0	0	0	+	

2. Identify the G/L Account number for minimum revenue along with the title for the minimum.

Processing Minimums-Basic.doc - 1 -11/30/2006

3. Establish the schedule by which minimums must be met. In this example, the members would need to spend \$100 per month.

Processing Minimums-Basic.doc - 5 -11/30/2006

**Objective:** To be able to use the system to record and keep track of sales for certain products or services that can be used for business analysis or as the basis for implementing programs based upon member activity. Within Club Office, there are three independent totalers that can be used as needed.

# 1. Set up the Totalers for various account numbers in the A/R Configuration screen

		A/P O Fixed Assets A/R O G/L	O Inventory O Payroll	C POS C User right		Config	guration						E <u>x</u> it
